SeneGence was founded on the idea to offer superior products and an opportunity for women to be independent and successful in business regardless of age, background or education.
Joni Rogers-Kante, CEO and Founder of SeneGence International, had a vision of a company with products that really work and a career that really works long before finding the premier product. Once she discovered a long-lasting liquid lip color unlike anything she had seen before, she knew she needed to share it with the world.

In 1999, SeneGence exploded into the marketplace with the launch of LipSense® patented color technology, and SeneGence quickly rose in popularity as the creator of the original long-lasting lip color.

This was only the beginning of an entire line of long-lasting cosmetics and revolutionary anti-aging skin care products. Over the years, SeneGence has grown to support thousands of successful careers and satisfied customers around the world and remains steadfast in its commitment to use only the most advanced technologies to make skin more beautiful.

I stand behind our products 100% and guarantee your skin will look more beautiful in 30 days when using our 24 hour anti-aging skin care and long-lasting color systems.

Today, SeneGence products can be found in over 13 countries around the world, helping to make skin healthier and more beautiful. Joni ventures to international destinations regularly and enjoys sharing SeneGence with everyone she meets while guiding them to be their most confident self with products that really work.

Join us in making a difference by giving back

The Make Sense Foundation® (MSF) is the SeneGence non-profit organization created by Joni Rogers-Kante as part of the overall plan to give back to the community. The MSF is based on the fundamental mission to help women and children in crisis and thrives on donating directly to deserving organizations.

SeneGence offers its Distributors opportunities to donate a portion of their product sales to their local charities or nominate charities to receive financial support. A portion of the sales from select SeneGence products and business tools is donated directly to the MSF as well as a contribution made for every new Distributor that joins.
