

## Bring Home the Luck of the Irish with SeneGence's Limited Edition Clover Collection

**FOOTHILL RANCH, Calif.** – (March 4, 2019) – Inspired by the spirit of St. Patrick's Day, global beauty brand [SeneGence International](#)<sup>®</sup> has released its limited edition Clover Collection, which features two richly pigmented crème-to-powder eyeshadows that provide anti-aging protection and one moisturizing lip gloss with a touch of radiant sparkle.

The collection includes **Smoked Topaz ShadowSense**, a gorgeous olive shade that is part of SeneGence's current color palette. Returning favorite, **Mystic Moss ShadowSense**, is a dark, earthy green with a matte texture. Those who prefer richly pigmented, earthy tones will especially enjoy these ShadowSense shades. New **Clover Gloss** is a pearly gloss with green and blue iridescence. All shades can be purchased separately, but when purchased together, the Clover Collection comes in a SeneGence-branded, green mesh bag.

"We're seeing a lot of green eye makeup on the runways, in fashion blogs and on social media feeds. It's a beautiful hue that is well-suited to all eye colors and skin tones. While you can be as avant-garde with

our Clover Collection as you want, it's still very wearable and fun," said Joni Rogers-Kante, CEO, SeneGence International. "Luckily, the Clover Collection is launching just in time to embrace the green shades for St. Patrick's Day festivities."

SeneGence is known for LipSense®, the [long-lasting lip color](#) that provides up to 18 hours of perfectly pigmented color in more than 50 shades. As the original long-lasting lip color, it is waterproof, smudge-proof and kiss-proof. LipSense comes in a wide variety of shades and textures for any skin tone, including frosts, mattes and shimmers. Create your own color palette by combining colors from more than 50 shades.

Much more than a lip color company, SeneGence also has a full line of long-lasting, anti-aging cosmetics and skin care products formulated for a variety of skin types. SeneGence does not test on animals or use animal by-products, and instead uses naturally occurring ingredients.
